

Olympia CD402

Class 10-11

Class 10-11

10
The first of the two main
parts of the book is the
introduction to the
subject.

11

The second part of the
book is the main body of
the text, which is divided
into two main parts.

12

The third part of the
book is the conclusion, which
sums up the main points
of the text and discusses
the implications of the
findings.

13

The fourth part of the
book is the appendix, which
contains supplementary
information and data.
The fifth part of the
book is the bibliography,
which lists the sources
used in the text.

14

The sixth part of the
book is the index, which
provides a quick reference
to the various topics
discussed in the text.

15

The seventh part of the
book is the glossary, which
defines the key terms and
concepts used in the text.
The eighth part of the
book is the list of figures,
which identifies the
various charts and graphs
used in the text.

16

The ninth part of the
book is the list of tables,
which identifies the
various tables used in the
text. The tenth part of
the book is the list of
references, which provides
a comprehensive list of
the sources used in the
text.

17

The eleventh part of the
book is the list of
acronyms, which defines
the abbreviations used
in the text.

18

The twelfth part of the
book is the list of
symbols, which defines the
various symbols used in
the text.

19

The thirteenth part of
the book is the list of
equations, which defines
the various mathematical
equations used in the
text. The fourteenth part
of the book is the list of
formulas, which defines the
various formulas used in
the text.

20

The fifteenth part of the
book is the list of
diagrams, which identifies
the various diagrams used
in the text.

21

The sixteenth part of the
book is the list of
figures, which identifies the
various figures used in
the text.

22

The seventeenth part of
the book is the list of
tables, which identifies the
various tables used in the
text.

23

The eighteenth part of
the book is the list of
references, which provides
a comprehensive list of
the sources used in the
text.

24

The nineteenth part of
the book is the list of
acronyms, which defines
the abbreviations used in
the text. The twentieth
part of the book is the
list of symbols, which
defines the various symbols
used in the text.

The twenty-first part of
the book is the list of
equations, which defines
the various mathematical
equations used in the
text. The twenty-second
part of the book is the
list of formulas, which
defines the various formulas
used in the text.

The twenty-third part of
the book is the list of
diagrams, which identifies
the various diagrams used
in the text. The
twenty-fourth part of
the book is the list of
figures, which identifies the
various figures used in
the text.
